

Product name : Polish stainless steel shower head 1 jet ELECTRA series

Code : SHDEEP40401207

Weight : 0 kg

Dimension (LxWxH) : 37 x 51 x 4 cm

DESCRIPTION

Polish stainless steel chrome plated shower head, **ELECTRA** collection, 1 anti limescale water jet, modern design square shape 400 x 400 mm. It can be used for ceiling application. Equipped with 4 RGB LEDs that allow you to create any shade of color for chromotherapy. Possibility to change the colors with a remote control light switch, set a gradual modification of the colors and turn on and off the LEDs. The optical lens, specially designed allow to widen the light beam up to invest the whole water jet. The power of the LEDs and their position inside the casting allows coloring of the water. The installation is performed over a wall brass block complete with water and electrical connections. A transformer is provided to connect to the mains electrical pannel. Only 12v reach the shower head. It's a certified product to operate in wet environments. The electronics are completely isolated from the water and never come in contact with it.

Available sizes: 320 x 320 mm, 400 x 400 mm

FEATURES: MADE IN ITALY, 1 anti limescale water jet self cleaning shower head, ceiling application, square shape, stainless steel chrome plated, 1/2" F connection, designed and developed for low water consumption, high performance with low water pressure, 4 LED RGB, remote control light switch, transformer to connect to the power supply 220/12V, 5 years warranty and packed in a single box.
