

Product name : Electronic hand dryer STREAM _550 series ABS white

Code : AMSSTR0550001

Weight : 3 kg

Dimension (LxWxH) : 22.1 x 28.5 x 15.7 cm

DESCRIPTION

Electronic hand dryer with automatic sensor detecting, **STREAM** collection.

FEATURES: MADE IN ITALY, contemporary design, ABS white, air velocity 250 Km/h, air flow 150 m³/h 2460 l/min, drying time 10-14 sec, electronic infrared detection sensor, absorption motor 550 W, total power 550 W, absorption Heating Element: no heating element, voltage 220-240 V, frequency 50/60 Hz, electrical insulation Class II, protection level IP23, noise level (at 2 m.) 68 dB, rpm. 26000, quality marks – certifications CE, 5 years warranty and single packed in carton box

PECULIARITY: Version with ABS cover.with hole air-outlet system.ergonomic features suitable for every user. integrated ECO-hygienic drying system.no heating element: air heating through compression and engines warming, reducing energy consumption and minimizing maintenance costs. top performer in drying time & energy saving. Integrated hygienic system double level antibacterial protection: AGION silver ion treatment inside injected plastic parts reduces bacterial up to 99,9% on dryer surfaces. HEPA filter (option) allows protection against 99,997% of bacterial spreading clean air on hands.67 time better than cotton dispensing rent services.85% - 90% times better than traditional hand dryers. the smallest existing high-speed hand dryer: depth only 15,7 cm. 100% recyclable, constructed with recycled and reusable materials.
