Product name : Raised toilet seat APOLLO series H6 cm
Code : SWCALW0600001
Weight : 0.84 kg
Dimension (LxWxH) : 44 x 40 x 8 cm

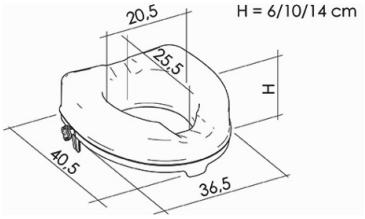

DESCRIPTION

Polypropylene raised toilet seat **APOLLO** line. This rasied seat is designed with the purpose of helping people with limited mobility and need a safer way to raise and lower from the toilet: elderly, post-operatory patients and for wheel chair users to facilitate transfer. It increases the height of the toilet bowl. The ergonomically designed surface area of the seat reduces pressure offering increased comfort to end user. The slight downward inclined seat promotes a correct posture and reduces hip flexion on knee joints. The seat incorporates both rear and frontal openings allowing greater access for personal hygiene. It is safely held in place by a side-locking mechanism composed by two plastic lateral widht-adjustable clamps. It adapts to most toilet bowls. Made in polypropylene, it offers durability, strength and warmth. It has a shiny stain and odor resistant surface, easy to clean. The Apollo raised toilet seat can be sanitized in an autoclave at 85 ° C for one minute or it can be washed by hand. Having no openings,

it can be completely submerged in water.

Available heights: H6 cm, H10 cm, H14 cm

DIMENSIONS: 40,5 x 36,5 x 10 cm
